

MEGANITE[®]

Acrylic Solid Surface

FOOD SERVICE

Food preparation and sanitation are important factors considered by food service owners, vendors and today's discerning consumers. What are we eating, where is it coming from, how was it prepared? These are important questions being asked by consumers who want to be confident their food is being prepared and served under the highest standards and sanitary conditions.

MEGANITE meets the challenges of today's food service industry by offering a sanitary, durable, renewable and affordable product solution that stands the test of time.

MEGANITE. A Solid Partner.

Why MEGANITE® for your food service establishment?

There are many reasons to choose Meganite beyond our high quality and affordable price.

Consider these benefits:

- GREENGUARD and GREENGUARD Gold Certification for Indoor Air Quality
